

GREG PRUITT

WEB DESIGNER SERVER ADMINISTRATION

Dear Hiring Manager,

I have a strong background in web development and experience of successfully designing a websites layout, usability and appearance.

Over the last 8 years I work for and with many companies developing and designing web sites. I have done small roles in the development process and also have done large roles. I have worked with the clients direct or through design firms as an independent contractor.

During this time I have gotten proficient at speaking to non-technical people and training people to use current web systems deployed. I have obtained experience in working in teams or as a team leader. With this in mind and the skills presented in my resume I believe I would be an ideal candidate for this position.

I look forward to hearing your response it would be a pleasure to work for your company.

Sincerely,

Greg Pruitt
